Children (10 Years and above): 5 ml (Half Teaspoon) daily after meal.

1. Joint-Flex sachet:

(Collagen Hydrolysate 10g, Vitamin C 100mg)

Features

- High dosage of Type 1 Collagen aids in joint protection
- Collagen present is hydrolysed, which absorbs better.

Dosage:

Take 1 sachet daily. Recommended course: 3 months.

2. Joint-Flex capsule :

(Glucosamine Sulphate 500mg, Chondroitin Sulphate 500mg, Chondroitin Sulphate 500mg, Collagen hydrolysate 100mg, Vitamin C 100mg)

Features :

- Contains as many as 4 active substances necessary for the proper functioning and regeneration of joints: Collagen, Vitamin C, Glucosamine, and Chondroitin.
- The collagen contained in the product is collagenhydrolysate, i.e., a hydrated form of pure collagen.

Dosage:

Take two capsules daily with water with or without meal.
Recommended course: 3 months.

3. Osteotitis Capsule :

(Avocado oil unsaponifiable fraction 100mg, Soybean oil of unsaponifiable fraction 200 mg, Vitamin C 80 mg (100%*), Medicinal ginger extract 25 mg, Indian incense extract 25 mg, Turmeric extract 25 mg, Rosehip extract 25 mg)

Features :

- Supportive in alleviating the symptoms of Osteoarthritis
- Inhibition of the process of articular cartilage degradation limiting the doses of analgesics, especially systemic NSAIDs complementing the anti-inflammatory effect of NSAIDs

Dosage:

Take 1 Capsule daily. Recommended course: 3 months

4. Tendo-Care Capsule :

(Mucopolysaccharides : Chondroitin sulphate.....200 Mg
Hyaluronic acid.....25 mg
Hydrolysed collagen Type I40 mg
Vitamin C.....30 mg
Manganese.....0.3 mg)

Features

- Supportive after reconstruction of tendons, ligaments and surgical procedures

Dosage:

Take 1 Capsule daily. Recommended course: 3 months

5. Osteopore D3 Tablet :

(Calcium carbonate including calcium.....400mg,
Vitamin D.....600 IU)

Features

- Supportive after reconstruction of tendons, ligaments and surgical procedures.

Dosage:

Take 1 Tablet daily. Recommended course: 3 months

6. Structure Aid Capsules :

(500mg of Chondroitin Sulphate)

Features

- Supportive in the first symptoms of Osteoarthritis.

Dosage:

Take 1-2 Capsules daily. Recommended course: 6 months

1. Immune Ayu -Fizz Effervescent Tablets :

26 Nutrients including Vitamins (A, B, C, D, etc.), Minerals (Zinc, Selenium, etc.) and Phytonutrients (Beta-Carotene, Lutein, Lycopene, Curcumin, and Citrus Bioflavonoid) with Fibre

Features:

- Improve Immunity

2. ImmuneAyu Tablets:

28 Nutrients including Vitamins (A, B, C, D, etc.), Minerals (Zinc, Selenium, etc.), Phytonutrients, Amino Acids and Additional Antioxidants (Grape Skin Extract and Green Tea Extract)

Features:

- Boosts Immunity and Vitality
- Helps in fighting against cold, flu and various infections.
- Maintains healthy antioxidant response

Dosage:

For adults:

Take 2 tablets daily preferably with a meal.

3. Immune Ayu Syrup :

(Vitamin A, Vitamin C, Vitamin D, Vitamin E, Vitamin B1, Vitamin B3, Vitamin B6, Vitamin B12, Zinc, Chromium, Selenium, L-Arginine, Choline bitartrate)

Specially Formulated for Children

Features:

- Antioxidant Vitamin (A, C & E) supplementation helps in Decreasing Immunological Abnormalities.
- Zinc Supplementation supports to Improve Cellular Immune Status(CD₃, CD₄, CD₄/CD₈ratio)²
- L-Arginine helps to Increase the Immune System Defences and to protect against the airway infections.
- Selenium supports to Promote Recovery from Respiratory Syncytial Virus Infection
- Vitamin C intake helps in reducing the Duration of Upper Respiratory Tract Infections.

Dosage:

Children (2-8 years):

Half teaspoon (2.5 ml) daily after meal or as prescribed by a physician.

Children (9-18 years):

One Teaspoonful (5ml) daily or as prescribed by physician

4. Xcee-Z Chewable Tablets :

Vitamin C Chewable Tablets (Ascorbic Acid, Sodium Ascorbate 500mg)

Strengthen Immunity with Tasty Flavours

Features:

- Strengthen Immune System and Provide Protection
- Significantly reduces the frequency of the common cold.
- Supports in reducing the risk of Acute Respiratory Tract Infections
- Protects immune cells from oxidative damage.
- Helps to maintain healthy gums, teeth, and bones.

Dosage:

For adults:

Chew 1-3 tablets daily preferably with a meal or as directed by the physician.

1. Co-Q-10 Softgels:

(Coenzyme Q-10 75mg)

Features:

- Supports in Heart Failure and Coronary Artery Disorders.
- Supports in Chronic Heart Failure
- Reduces incidences of hospitalization.
- Supports to Improve Blood CoQ-10 that is Reduced with Statin Therapy.

Dosage:

For adults:

1 softgel two times daily, preferably with meals.

2. L-Carnitine 500mg :

Features:

- L-Carnitine supports in providing secondary prevention of cardiovascular disorders.
- L-Carnitine supports in improving exercise capacity of heart.

Dosage:

For adults:

1 softgel four times daily, preferably with meals.

3. Omega 3,6,9 Softgels capsules :

(Omega-3(EPA & DHA), -6, -9 fatty acid from Flaxseed, Fish and Borage seed oils and Vitamin E)

Supports:

- Reduce blood pressure, total cholesterol, and body mass index in hypertensive patients.
